The Pigs Group

Once upon a time there were three Elsas and they played in the middle of the garden with the Prince frog and a golden ball. The golden ball fell into the frog's pond! Then the frog got under the water and got the golden ball back to the Elsas.

Next the troll came over and said could he play and they said "No" and he stomped next to the golden ball because his foots really big. It flew up into the sky.

The gingerbread man jumped into the sky and grabbed the ball. He said 'Don't eat me' and the Prince frog and the Elsas played magical music and the troll fell asleep. They put him in the frog pond and he was never seen again!

They all lived happily ever after.
The end.
