

Autumn: Week 3 & 4: Matching Matching Activities at Home

- Discuss matching socks and shoes when children are getting dressed. 'Do your socks match?' How do you know? Ask children to find a 'pair of socks' that they would like to wear today.
- Children can help put socks into pairs, or tidy shoes into pairs.
- Whilst eating, children can discuss who has matching cutlery.
- Play 'snap' with cards. Take turns in putting a card down. When there is a match of shape, say, 'Snap!'
- Children can match smells – at bath time, fill small containers with 2 different soaps. Can children find the matching smell?
