

Staff meeting

Friday 5.6.20

St. John's
Church of England

Primary School
and Nursery

Whole school celebration worship

Friday 13th

- I will send an invite out for an Microsoft teams assembly
- 11.30am on Friday 13th
- I would like to read out the star of the bubble award for each bubble.
- Let your children know during the week of this new award!
- Staff to send me their nominations by email

Monday morning 8th

- Staff on playground with smiles and list at appropriate time
 - Scoop, smile and swiftly separate children from parents
 - Children line up with TLA – 2m
 - Go to class
-
- MC and RA on the playground – monitoring double gate / supporting staff / parental support
 - JH front of school – one way message
 - TP Front gate

All other mornings

- Staff in classrooms
- Children will go straight to classrooms

Every evening

- 2.45 – y6 staff unlock gate and monitor for 15 mins
- 3.00 – y3,4,5 staff (timetable) a gate duty for 15 mins
- 3.15 – y2 staff timetable a gate duty for 15 mins

- Ian will be on the main double gate

Questions

- I know it was confirmed for this week that staff were able to bring their own children in and they were to stay with their parent until 9am. Is this to continue from the 8th June? I'm sure I'm not the only one asking this... Thanks
- Will the number of children in my bubble change? In order to know what to plan/how much to resource
- Please may we have the copy of adapted EHCP's
- If a member of staff has a child in another school who's bubble has been told to self isolate for 14 days how is this calculated i.e staff sickness?
- If a parent refuses to put a young child through a covid test but for example have mild symptoms of covid 19, what happens to the bubble at school and does that child isolate for 14 days or until they have a negative test.
- previously we have had young children with what we felt was a high temperature and they were presenting not their normal bouncy behaviour, as we do not have a thermometer how do we confirm they have a temperature? If they are not coughing?
- can we ask for the sanitary and nappy bin to be taken to the door by a member of staff in Nursery so the sanitary bin man doesn't have to enter the building
- What to do with new starters/ reluctant returners as so young if tearful/upset and wont leave parent. Normally not a problem we'd be able to give a cuddle read a story but a child will not readily do this if they are unsure(- and rightly so)
- A huge thanks for working through all these questions
- If the children don't use the disabled toilet, could we share out the disabled toilets, to ease congestion on the main female toilets? Allocated the toilets to a group of bubbles?
