Monday 11th November 2024

Dear Parents and Carers,

Our first topic in Year 5 is called Earth and Space. We will be learning about the different planets, how they orbit the sun and lots more!

To inspire and engage pupils in our project, we have organised for a mobile planetarium to visit us in school on Wednesday 4th December for our 'Memorable Experience' for this project. This is a fantastic experience to view the night sky and the Solar System in detail, as well as participate in an in depth question and answer session with a member of the British Association of Planetaria.

As we are sure you are aware, school budgets are very tight and therefore, for this experience to take place, we are asking for a contribution. Our records show that your child is in receipt of free school meals. To help with this contribution, we have used our pupil premium money to reduce the costs for your child by 75%. This means that on this occasion we would ask for a contribution of **£1.25** per child.

The consent form and voluntary contribution for this activity must be made on ParentPay. When you log into your ParentPay account, you will find a payment item specifically for this activity. Please go into this payment item to complete the consent and pay the voluntary contribution by **Friday 29th November 2024**.

Kind regards,

Mrs Astell & Miss Proud

(Year 5 Teachers)
