Preventing Extremism and Radicalisation

It can be hard to know what to do if you're worried someone close is expressing extreme views or hatred, which could lead to them harming themselves or others. Working with other organisations, the police protect vulnerable people from being exploited by extremists through a Home Office programme called Prevent.

Act early and tell them your concerns in confidence. You won't be wasting their time and you won't ruin lives, but you might save them.

Did you know more people in Derbyshire are diagnosed with cancer than the England average?

Building on the Be Cancer SAFE North Derbyshire campaign, Derbyshire Voluntary Action are working to raise awareness of bowel cancer signs and symptoms and the importance of screening amongst men in areas where uptake is traditionally low. Bowel cancer is the 4th most common cancer in the UK and affects 1 in every 15 men and 1 in 18 women. The disease is treatable and curable, especially if diagnosed early.

The project employs a community approach to improving cancer survival creating a network of cancer champions who help to remove barriers and normalise conversations about cancer. This in turn can lead to more people attending their screening or contacting their GP if there are concerns.

You can find out more and make a pledge to be a cancer champion by visiting www.becancersafe-nd.org and simply start having health conversations wherever and whenever you get the opportunity.

Our message is simple:

- Screening – Participate in screening when invited
- Awareness – Be aware of any changes in your body
- Fast – If you notice changes, act fast. Contact your GP
- Early – Early detection saves lives. Recognise the symptoms and act promptly

To find out more please email: Richard at becancersafe@dva.org.uk

Free magic teaching workshop for children

Duncan William is a professional magician. For the past 2 years he has been performing as a virtual magician. As a result of the pandemic and people struggling to keep their children entertained and focussed, he has made his 30 minute professionally produced magic teaching video free of charge for those people who get in touch.

Children who learn magic have shown to increase their levels of concentration, dexterity, self-esteem and self-confidence. In a time where social interaction is more a more limited due to the pandemic, this is a small gift from Duncan to keep the young people of our country focused, excited and developing those skills the schools would have played such an integral role in helping nurture.

All magic teaching / wizard workshops are all conducted online for all children and their family across the whole Derbyshire area.

Please email magicduncan@gmail.com with the subject header FREEMAGICTRAINING to secure your 25-30 minute online magic teaching video.

We cater for all ages from 7 years old and upwards and also for a range of educational and special needs. This free, online magic teaching / wizard workshops are most suited to children and young adults but are equally suitable for adults too.

To find out more about Duncan you can find his website here: <https://www.magicduncan.co.uk>

British Sign Language Pandemic Programs for Derbyshire

A new initiative to encourage more members of the public to take up sign language as an extra language and skill, is now available to residents of Derbyshire.

The Signs4Life scheme is to help people to communicate and engage with children and adults who may be hard of hearing.

Tabassum, Signs4Life partnerships officer, explains "There are more than nine million hard of hearing people registered in the UK. We have already worked with social workers, housing staff, teachers, the local NHS, and Royal Mail. We wanted to open our programs to the general public, who might also have an interest in learning sign language, especially now that many people have been stuck at home during a third lockdown. We are offering a free 6-week BSL program, which you can enjoy and access from the comfort of your homes, delivered through Zoom".

Signs4Life is leading efforts towards a society in which people with disabilities have full access and are working to raise the public and political awareness of disability provision.

For more details on the free community program for Derbyshire, starting in June, book via the website for "The Hotpots" group, starting on Friday 11 June 2021 signs4life.org/in-the-community/
